November 2019

Dear Parents and Carers,

BRAIN SMART DAY – TUESDAY 7TH JANUARY 2020

Following on from our whole school brain awareness week, the children have explored the different 'brain smarts' (such as word smart, nature smart, number smart) to understand their areas of strength and those areas they would like to develop further. This also links to our current work on growth and fixed mindsets. To support this development, the staff have worked together to organise a Brain Smart Day, full of wonderful learning opportunities for your children to enjoy.

Attached to this letter, is a leaflet outlining the activities on offer during the day. All activities are free of charge. Please talk about the different activities with your child, and think about those areas which are a strength, or those areas which are new to your child, which they may like to develop. Next, list the three preferred choices for the day on your reply slip and return to your class teacher (not the school office) as soon as possible (by Thursday 28th November). Lunchtime is not affected on this day.

When all the slips are been returned, activities lists will be drawn up and you will be informed of your child's allocation, as well as any clothing or materials they may require.

Yours sincerely

Mrs L. Gould
Headteacher
